

**EUROPEAN PERSPECTIVES AND REGIONAL STRATEGIES  
FOR THE INTERNATIONALISATION AND THE VALORISATION OF HUMAN CAPITAL**

**AREA Science Park, Padriciano 99 - Trieste  
Congress Centre (Building C1 – Conference Hall)**

**20<sup>th</sup> May 2013**

AREA Science Park, with the contribution of the European Commission and of the Regional Authority of Friuli Venezia Giulia, is launching the new fellowship Programme **“TALENTS UP for an International House”**, aimed at supporting the incoming mobility of foreign researchers to the scientific and research centres of the *Regional Coordination Network of research institutions* (CER). The successful competitiveness and the attractiveness of a territory are the results of a synergy between the local strategies and the European priorities. AREA Science Park, within the Coordination Network and through the Welcome Office Friuli Venezia Giulia, has been developing a system, capable of conveying qualified human resources to the regional territory: indeed, involving all the relevant regional actors, incoming services and mobility programmes have been developed, aimed at attracting international students and researchers. The Project “TALENTS UP”, following the positive implementation of the previous COFUND Project “TALENTS”, offers incoming mobility fellowships to experienced researchers and the conference will be the ideal occasion to describe the Project and its opportunities. Thanks to the contribution of national and international speakers, the conference will as well be the occasion to give an overview of the European strategies concerning international mobility of human capital and a focus on the impact of the COFUND Actions, in the context of the VII Framework Programme and in the perspective of Horizon 2020.

## PROGRAMME

9.30 Registration

**Welcome speech, Enzo Moi**, Director, AREA Science Park

9.50 **Marta Formia**, AREA Science Park: *“AREA Science Park long-term strategy for the internationalisation of the regional scientific system”*

10.00 **Angelo D’Agostino**, National Contact Point PEOPLE, Agency for the promotion of the European Research (APRE): *“The role of international and intersectoral mobility within PEOPLE Specific Programme”*

10.30 **Alan Craig**, Research Programme Officer, Research Executive Agency (REA), Marie Curie Lifelong Training: *“The impact of the COFUND Action within the VII Framework Programme and the new perspectives within Horizon 2020”*

11.00 *Coffee Break*

11.20 **Mia Tomad**, AREA Science Park: *“The new Fellowship Programme TALENTS UP for an International House supporting the incoming mobility of expert researchers”*

11.40 **Cesare Grazioli**, ELETTRA Synchrotron Light Laboratory, fellow TALENTS: *“Between Trieste and Nova Gorica for the study of ultra-fast phenomena”*

12.00 **Sergio Crovella**, IRCCS Burlo Garofolo, fellow TALENTS: *“From Trieste to Brazil to study immuno-therapy in HIV positive patients: a genomic approach”*

12.20 **Ketty Segatti**, Friuli Venezia Giulia Autonomous Region: *“Regional programmes and services for the internationalization and the valorization of human capital”*

12.40 Questions and answers

13.00 *Closing of the conference*

Simultaneous translation service will be available
