

The next International Spirits

takes place on

Friday 2 December 2022
from 5.30 pm
on the LB terrace @ ICTP

The purpose of International Spirits is to bring people from different departments and fields together to meet and discuss about science, art, music, or any other topics of interest.

Being a self-financed event, we encourage you to contribute to the collection (perhaps with typical drinks from your own country) as well as disposable cups!
Everyone is welcome and we hope to see you all there!
