

The next International Spirits

will be held on the

ICTP terrace

Thursday 23 March 2023

at 5.00 pm

The purpose of International Spirits is to bring people from different departments and fields together to meet and discuss about science, art, or any other topics you may be interested in.

Being a self-financed event, we encourage you to contribute to the spirits' collection (perhaps with typical drinks from your own country). If you have a liquor from your home country or region that you'd like to share, feel free to bring it

We very strongly encourage people coming to bring their own cups and other materials; we typically run out of disposable ones very quickly and it would be better to avoid plastic waste!

Hope to see you all there!
