

Dear all,
We're happy to announce that the

Autumnal International Spirits of 2024

will be held on the
ICTP LB terrace on

Thursday, October 31st, at 17:00!

The purpose of International Spirits is to bring people from different sections and fields together to meet and discuss science, art, history, or any other topics that may be of interest. We encourage people to contribute to the event by bringing food and/or beverages from their country. Both alcoholic and non-alcoholic beverages are encouraged.

We hope to see you all there!
All the best,
Your Postdoc Representatives
