International Day of Medical Physics: Inspiring Next Generations of Medical Physicists & Celebrating 10 years of the Master of Advanced Studies in Medical Physics

An occasion to celebrate the advancements in the field of medical physics and the first ten years of our joint UNITS-ICTP Master's Programme.

7 November 2024
starting from 13:30 CET

An Online Event

The International Day of Medical Physics (IDMP) is an annual global celebration dedicated to advancements in the field of medical physics. This year, the celebration holds a special meaning as it marks the 10th anniversary of the UNITS-ICTP Master of Advanced Studies in Medical Physics programme.

The International Organization for Medical Physics (IOMP) has chosen 'Inspiring Next Generations of Medical Physicists' as this year's theme. This online event brings together current students, alumni, and professors to share valuable experiences, fostering the development of young medical physicists.
